Dear Ms. Palmer,

Congratulations on the Official Organization Launch Party for the Carolyn's Kids Foundation. It is my hope that you have a wonderful event filled with friends and supporters.

With the help of your daughters, you created Carolyn's Kids Foundation to help others. By assisting students in high poverty communities, you are making a difference. I commend you on your goal to provide support to students in hopes of enhancing their academic, social and emotional growth. The organization's mission is exemplary of my philosophy in life which is to do something good for someone every day.

Again, congratulations on your event and best wishes for a bright future.

Sincerely,

A handwritten signature in cursive script that reads "Jesse White".
